

DJC Tenpin Bowling Svs Ltd under New Ownership

After 40 years in the Tenpin Bowling Business my wife and I have decided that it is time for the next stage in our lives. I have had over 40 years in the Bowling business with AMF, QubicaAMF and DJC Tenpin Bowling and equally my wife has had over 30 years first with AMF then QubicaAMF and finally DJC Tenpin Bowling, so combined we have over 70 years with the last 16 years running our own business DJC Tenpin Bowling Svs Ltd for both of us.

It has been one of the greatest privileges to run this business and to serve the Tenpin Bowling Industry, we can say without a doubt that we have made friends for life within this industry and we are both thankful for our customers loyalty and support throughout our 16 years. Whilst Julie and I are not leaving the Bowling Business tomorrow and we will be working for DJC Tenpin Bowling through a transitional period and introducing the new owners Tomasz and Agnieszka Tesluk.

Tomasz has been working for DJC for approximately 16 years and Agnieszka for the last 10 years. Tomasz has a wealth of installation experience and has controlled and organised the teams for the last five years. We have got one of the largest Installation Teams in Europe with approximately 23 Installers at any one time running up to 5 projects anywhere across UK and Europe.

The business and the organisation has grown more over the last three to four years and I expect under Tomasz it will grow further and I wish him and Agnieszka all the best for the future and I hope they have as much fun and enjoyment running DJC Tenpin Bowling Services as we have. DJC will stay in Hemel Hempstead and will continue at the current address at Boxted Farm. I have put contact details below for Tomasz and Agnieszka if you require any assistance.

We have put together a caption of our time at DJC Tenpin Bowling showing you the projects and some of the people who was on our journey.

Thank You

Darren & Julie

DJC Tenpin Bowling Svs Ltd
